Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Louisville Collaboration to Prevent Child Abuse, Youth, and Family Violence in fiscal year 2023. The entity to receive the funding for this project is Family & Children’s Place, located at 525 Zane Street Louisville, Kentucky 40203. This funding will be used for a continuum of evidence-based prevention, education, and crime victim support activities, including mental health and crisis intervention services.

Family & Children’s Place works with several community partners, including local, state, and federal law enforcement to provide a social safety net for those who have been impacted by abuse or violence. This project will leverage the efforts of longstanding relationships, especially with those involved in the criminal justice system, to build a well-coordinated system of support for preventing child maltreatment and community violence.

Evaluation efforts will measure the levels of interagency coordination, as well as the overall prevention, education, and victim support outcomes. Through a process of intentional collaboration between agencies, Family & Children’s Place can mitigate the impact of violence in the lives of the people they serve while promoting healthy youth and families.
I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
