The Honorable Jack Reed
Ranking Member
Committee on Armed Services
228 Russell Senate Office Building
Washington, DC 20515

Dear Chairman Smith, Chairman Inhofe, Ranking Member Thornberry, and Ranking Member Reed,

As you begin deliberations for the National Defense Authorization Act for Fiscal Year 2020 conference, we respectfully request you keep the House-passed repeal of the Survivor Benefit Plan/ Dependency and Indemnity Compensation (SBP/DIC) offset, also known as the "widow's tax," in the final agreement. Surviving families of the men and women of our military have been waiting for a fix to this unfair offset for 40 years.

Current law unfairly requires surviving spouses of deceased military members to forfeit part or all of their Department of Defense Survivor Benefit Plan (SBP) annuity when they receive Dependency and Indemnity Compensation (DIC) from the Department of Veterans Affairs. More than 60,000 surviving families are negatively impacted by the SBP-DIC offset, which reduces surviving spouses' benefits by an average of \$924 per month, or \$11,000 annually. The House-passed NDAA eliminated this unfair offset.

It is clear that Congress understands the importance of this issue and the need to finally end the widow's tax. The two pieces of legislation repealing this offset have a record number of bipartisan cosponsors. H.R. 553, The Military Surviving Spouses Equity Act currently has 372 cosponsors, and the companion legislation S. 622 has 75 cosponsors.

Our nation made promises to the surviving spouses of fallen service members, and it is among our highest moral responsibilities to see those promises honored. For far too long, Congress has failed to do what's right and keep our word to our heroes and their families. Now is the time to

repeal this offset once and for all, and send a clear message to those families that we value their sacrifice and we value the heroism of their loved ones.

Thank you for your consideration of this request. We hope we can count on your support.

Sincerely,

John Yarmuth
